SRINEHA MUKKU

</> LEETCODE | in LINKEDIN | ✉ mukkusrineha@gmail.com

SUMMARY

As an Information Technology Engineering student with a passion for web-based applications. Committed to applying technical knowledge to solve real-world problems through innovation and web development.

EDUCATION

Shri Vishnu Engineering College for Women, Bhimavaram   **2022 - 2026 (Expected)**
Bachelor of Technology in Information Technology, CGPA: 9.4

Tirumala Jr College, Andhra Pradesh   **2020 - 2022**
Board of Intermediate Education, Andhra Pradesh, Percentage: 96.4%

SKILLS

Programming Languages:	C, Java, Python
Web Technologies:	HTML, CSS, Bootstrap, React
Tools / Platforms:	Figma, Git, VSCode, Jupyter notebook

CONTRIBUTIONS

Hacktoberfest - Open Source Contributor   **Oct 2023 - Nov 2023**

Contributed to open-source projects during Hacktoberfest 2023, focusing on impactful and sustainable solutions. Recognized as a top contributor, leading to the planting of a tree for environmental sustainability.

PROJECTS

Netflix Clone | *HTML, CSS, JavaScript*

Designed a Netflix website that focuses on a user-friendly interface and seamless viewing experience. Created a responsive design for various devices using CSS media queries

Pizza Plank | *React*

It is a React-based platform for a pizza ordering experience. It features a dynamic menu, customizable toppings, real-time stock updates, and a smooth checkout process. With responsive design and backend support, the app ensures efficient order management.

Image Captioning (In progress)

An image captioning project developed using the ResNet-50 pretrained model, combined with a CNN and RNN architecture and deployed using Streamlit for an interactive user interface

CERTIFICATIONS

- NPTEL Certification in Fundamentals of IoT

POSITIONS OF RESPONSIBILITY

- Executive Member, Institution of Engineering and Technology (OnCampus)
